Re: Master Metals, Inc. Superfund Site

Dear Mr. Vezner,

This is in response to your letter of November 18, 1996.

You requested documentation demonstrating that Clean Harbors' Spring Grove facility complies with the CERCLA Off-Site Policy Rule. Enclosed is a letter, enclosure (1), from Clean Harbors' Cleveland Office providing this information. In addition, enclosure (2), a copy of the manifest pertaining to the drum that was shipped to Spring Grove, is provided as well.

If you require anything further, please call me at (860) 433-4666.

Sincerely,

Rosemary L. McBride
Associate General Counsel

Bruce Brown
Electric Boat Corporation
75 Eastern Point Road
Groton, CT 06340

Dear Mr. Brown:

In response to the USEPA's question regarding CERCLA Approval Status of the Clean Harbors Spring Grove facility, it is Clean Harbors understanding that Spring Grove Resource Recovery (OND 000816629) is approved for the receiving and processing of CERCLA Waste. Per Gertrude Natuschkovitz, USEPA Region V's Off-Site Disposal Coordinator, no violations were issued to Spring Grove as of October 9, 1996 that would deny CERCLA waste processing approval status at this facility.

As of November 26, 1996 the drum that Electric Boat shipped from the MMI site to Spring Grove Resource Recovery was still in storage at this facility. Electric Boat should have received their signed off original copy of this manifest. A copy of this manifest copy should satisfy the USEPA's request for the documentation regarding this shipment. A copy of this manifest can be obtained from Clean Harbors if Electric Boat has not received this document.

If I can be of any future assistance to Electric Boat, please do not hesitate to call me at (216) 429-2401.

Sincerely,

A handwritten signature in black ink that reads "Tom Kimmins". The signature is written in a cursive, flowing style. To the right of the signature, there is a circular stamp containing the letters "EB" in a bold, sans-serif font.

Tom Kimmins
Field Supervisor

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this document are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national governmental regulations.
If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment. OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
